

This price report is provided by Polygon for the benefit of the trade. Prices are per-carat, wholesale, asking price averages for independently-graded round diamonds in Polygon's diamond database, as of the date shown. Actual transaction prices are confidential and may be somewhat lower. Mean averages are computed with certain adjustments made to minimize error and ensure internal consistency. This matrix counts SI3 as I1 for purposes of computing averages. In general, finer makes will command higher prices, as will stones at the higher end of each weight range. Readers are urged to consider this data merely as a source of additional market information.

For more details on these indicators, please see below.

Polygon, from which these price averages are derived, is an international e-marketplace for diamonds, jewelry, watches, colored stones, estate merchandise and other goods traded at the wholesale level. The marketplace is open only to approved members of the trade. All transactions are conducted privately between buyer and seller.

The total asking price of the listings in CertNet (Polygon's diamond database) is more than \$3 billion. Stones are listed for sale by more than 700 dealers from around the world. Polygon doesn't make any representations whatsoever with respect to these indicators. Listings and prices on Polygon change hourly, and there can be no assurance that a buyer will be able to locate any specific stone at a specific price. For additional information, or to inquire about membership, contact Polygon:
